THE ULTIMATE TECARTHERAPY

Golden Star's 15 years of experience in tecartherapy and over 70 years of history have led to the best product on the market.

After years of continuous innovation, we are the only ones who have actually surpassed ourselves leaving the competition behind.

We have done so using the most advanced technology, the best products available, and ensuring maximum interaction with physiotherapists to create new accessories and new applications.

Fisiowarm 7.0 is more than just an extraordinary device. It's everything that you have ever wanted in a tecartherapy unit and didn't think it was possible. All this with a beautiful design that makes the difference.

Fisiowarm 7.0 ensures the ultimate tecartherapy experience because we believe that it can't get much better than this!

The information and contents contained herein are purely indicative and are not contractually binding

The Fisiowarm® line is designed and produced entirely in Italy.
